by *Georgan Z. Kyle*

*Georgan Z. Kyle* has been studying and sketching birds for more than 20 years. Her inspiration comes from her love of observing the behavior of birds in their natural habitat. *Georgan's* works are also heavily influenced by her many years of close personal contact with thousands of injured, ill and orphaned birds that came under her intensive care as a licensed wildlife rehabilitator. Since 1989 her drawings have graced the covers of the Driftwood Wildlife Association's Annual Reports. All proceeds from the sale of her prints are forwarded to the Driftwood Wildlife Association for the purposes of public education and habitat conservation.
